bringing together the law of armed conflict governing the use of weapons into a

single volume the fully updated second edition of weapons and the law of armed conflict interprets these rules and discusses the factors influencing future developments in weapons law after relating the historical evolution of weapons law the book discusses the important customary principles that are the foundation of the subject and provides a condensed account of the law that exists on the use of weapons the treaties and customary rules applying to particular categories of weapon are thereafter listed and explained article by article and rule by rule in a series of chapters having stated the law as it is the book then explores the way in which this dynamic field of international law develops in the light of various influences the legal review of weapons is discussed both from the perspective of how such reviews should be undertaken and how such a system should be established having stated the law as it is the book then investigates the way in which this dynamic field of international law develops in the light of various influences in the final chapter the prospects for future rule change are considered this second edition includes a discussion of new treaty law on expanding bullets the arms trade and norms in relation to biological and chemical weapons it also analyses the international manuals on air and missile warfare law and on cyber warfare law the challenges posed by lethal autonomous weapon systems and developments in the field of information and telecommunications otherwise known as cyber activities

given the centrality of hague law to the lawful prosecution of warfare the relative paucity of dedicated works is surprising the general formulation of hague law rules is largely uncontroversial but this clarity stands in stark contrast to their interpretation and practical application how precisely for instance the fundamental rules of distinction and proportionality in attack are to dictate and constrain the planning and practice of warfare continues to be highly uncertain this important new publication fills the gap in the literature offering a comprehensive assessment of hague law it explores questions of definitions and accountability and navigates the substantive rules and their application to different types of warfare

this handbook covers corporate reorganization rights of landlords debtors and secured creditors jurisdiction and power of bankruptcy courts discharge of debts and other areas of bankruptcy law for debtor and creditor attorneys the complete text of the bankruptcy code and the bankruptcy tax act of 1980 are included

international humanitarian law is the law that governs the conduct of participants during armed conflict this branch of law aims to regulate the means and methods of warfare as well as to provide protections to those who do not or who no longer take part in the hostilities it is one of the oldest branches of international law and one of enduring relevance today the oxford guide to international humanitarian law provides a practical yet sophisticated overview of this important area of law written by a stellar line up of contributors drawn from those who not only have extensive

practical experience but who are also regarded as leading scholars of the subject the text offers a comprehensive and authoritative exposition of the field the guide provides professionals and advanced students with information and analysis of sufficient depth to enable them to perform their tasks with understanding and confidence each chapter illuminates how the law applies in practice but does not shy away from the important conceptual issues that underpin how the law has developed it will serve as a first port of call and a regular reference work for those interested in international humanitarian law

asean 3 bond market guide is a comprehensive explanation of the region s bond markets it provides various information such as the history legal and regulatory framework specific characteristics of the market trading and transaction including settlement systems and other relevant information bond market guide 2016 for japan is an outcome of the strong support and kind contributions of asean 3 bond market forum members and experts particularly from japan the report should be recognized as a collective good to support bond market development among asean 3 members

the manual is a response to the need often expressed by developing countries for clearer guidance on the policy and administrative aspects of applying transfer pricing profit shifting analysis to some of the transactions of multinational enterprises mnes in particular
